STUDENTS ENCOUNTERING SCIENCE

12th INTERNATIONAL SCIENTIFIC
CONFERENCE “StES 2019”
STUDENTS ENCOUNTERING SCIENCE

BANJA LUKA, 28–30 NOVEMBER

Dear colleagues,

In November 2019 the University of Banja Luka will host the 12th multidisciplinary international scientific conference “Students Encountering Science – StES 2019”. The conference is an opportunity for students from around the world to present their scientific achievements and it will take place from 28 to 30 November 2019 in Banja Luka.

It is our pleasure to invite you to participate, to think about a paper you could present and to immerse yourself in the world of science and research. You can apply if you are an undergraduate, master or doctoral student or a young researcher (under 30).

“Students Encountering Science” is the leading multidisciplinary students’ scientific conference organized by the Students’ Parliament of the University of Banja Luka. The aim of the conference is to present students’ scientific achievements and the possibility of their practical application, as well as to determine the course of further research. StES conference is an opportunity to improve students’ scientific research, promote the spirit of academic community, exchange opinions and make new friends.
